Suggests Agri Department **Overhaul**

By G. MILTON KELLY

WASHINGTON (AP)-Senators nvestigating Billie Sol Estes' fed eral farm aid deals said today the Agriculture Department is ripe for a structural overhaul.

The suggestions caome from both Democratic and Republican sides of the Senate Investigations Subcommittee as it called Undersecretary of Agriculture Charles S. Murphy for a third day of ques-

The subcommittee also planned to quiz two of Estes' lawyers concerning the deals before recessing for the weekend. The two are John Dennison and Richard D. Naylor, of Pecos, Tex. The inquiry seeks to determine

whether political influence helped Estes to swing profitable cotton acreage allotment juggling deals) for which the department finally levied civil fines of \$554,000 igainst the financier.

Estes awaits trial on fraud and theft charges and has been declared bankrupt.

Murphy denied Estes benefitted from any influence. Sens. Karl E. Mundt, R-S.D. and Henry M. Jockson, D-Wash. said the hearings have shown the Profit Making department needs a big overhaul. But in separate interviews they

Committee Ordered Contempt Is **Threatened** by Probers

WASHINGTON (AP)-The Senate Antitrust Subcommittee recommended today that four big steel companies and inc of their top executive be cited for conempt of Congress.

WASHINGTON (AP)-Top execitives of four big steel companies defied subpoenas today from the Senate Antitrust subcommittee, failing to appear and produce data

on production costs. Sen. Estes Kefauver, D-Tenn., he subcommittee chairman, denounced their refusal to appear as willful and premeditated contempt of Congress.

He recommended that his subcommittee cite the steel executives for contempt. The subcorpmittee was expected to go into closed session to decide whether to do so.

The cour companies-Bethlehem

Republic, National and Armeo-

have challenged the subcommit-

tee's jurisdiction and contended the subpoenaed cost data is confidential information. Contempt of Congress is punish-

able by a \$1,000 fine or a year's imprisonment, or both. The companies, unlike eight other major steel producers, have declined so far to submit detailed unit cost figures in response to subpoenas issued by the subcom-

Kefauver said he would seek to

have them cited for contempt if they persisted in their refusal. Supoenas were issued last April after major steel producers announced a short-lived \$6-a-ton price increase that was rescinded after President Kennedy threw

against it. Dr. Berns spent five months The steel companies contend way, Sweden, Austria, Switzer- would damage them competitive-

KXAR KOLUMN

At KXAR we believe that the primary advantage of radio is as old as civilization itself; people communicating with people and doing so in greater numbers than ever before. Radio today can and does deliver more people in more different places, doing more different things than any other advertising medium.

These are the easy answers to the question, "What advantages does radio have?" "Immediacy"... radio can act within minutes to assist an advertiser; "Versatility" radio can "come on strong," or use the old "soft sell," in hitting its mark. Perhaps the most overlooked of radio's advantages involves the "long pull"... the results accruing to the advertiser who insists on looking at his gross at the end of the year rather than day to day . . . to the advertiser who wants to build a little at a time rather than overnight. The constant use of radio on a "non-crash" basis, more often than not results in an overall gross for an advertiser . . . and, he knows that within minutes, his entire approach can be altered. Radio can penetrate an audience and keep idle hands busy. And it can be done in minutes as an advertiser adjusts to keep up with his competi-

Radio is people!! People on the air and people at home working or playing while listening. People unafraid to try something new; people who do not discard the "old" simply because it's old; who do not believe that everything "new has to be good simply because it's new.

KXAR never accepts advertising that would suggest people leave Hope to shop. We are loyal to our sponsors and listeners. We believe in Hope and feel that KXAR is a very important part of the community picture. We emphasize local news, local sports, talk about local people and urge you to shop in Hope above all else. KXAR is quality radio, with quality music, good voices and interesting features; and if you did not hear it yesterday you probably missed your own name on the air. For Immediacy . . . Flexlibility ... Diversity ... and News of people you know, keep your dig! on

CHAPEL MADE OF ICE—One of the most unusual chapels in the world is located inside a glacier. It was built by volunteers at Camp Tuto, Greenland, summer base of the Army's Polar Research and Development Center. Every permanent article in the 13-foot-high, 10-foot-wide Gothic County of the Property of the vault chapel was formed of ice. The altar, which weighs 700 pounds, was molded by combining water with ice chips hewn from the apse. Candlesticks were hand-rubbed to be as clear as fine glass. Lights reflecting against the ice and hoarfrost on walls give off striking hues of blue and green.

Actual instruction is more diffibut in Europe it is hamstrung by centuries of tradition.

The American theory is to de-

dress she wore did a lot for her and that curriculum was very arithmetic.

He said a composite picture of what European education is like would be something like this:

At the fourth grade, children are selected for four very different types of instruction. The top 15 or 20 per cent of the brightest are chosen for a highly academic cirriculum heavily loaded with mathematics, science and language. By the time they have completed 12 years of schooling they will have mastered four Janguages.

Another 20 or 25 per cent will

I blurted out before all the other guests, "My dear, you look at least 50 years younger." The others snickered but she didn't crack a smile, being only 45! Any cure for such as 1? -Addlepated

Dear Addlepated: Count 10 before you speak once. If you're going any place, think out conversations beforehand. Rehearse in front of the mirror. Try them out on the family. Only the unprepared are nervous and only the nervous say the wrong thing. Relax. Be prepared.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Be Tactful."

Valentine in it. At first, I ac cused him of putting them in the bread, but he denied it. It must be your way of advertising. Very clever of you and those Valetnines really brought Adam and me together. Even though they were in the bread, it seemed to me as if they came directly from his heart. When I told him how I felt, he realized that he cared about me, too. Thanks to you, Lottie, we're engaged to be married in a few months—and we want you to bake out wedding cake."
